

SCANIA

RECENT LAUNCH

Engine: 13L 800hp XPI

Boat: H&H 42' Wide

Scania Dealer: Billings Diesel

WOT: 22 Knots @ 36 GPH

Cruise: 17 Knots @ 23 GPH

From the owner:

“Love my engine. Lots of power and very quiet. With the 800hp it pushes my new 42' H&H Wide a knot faster than my old standard width H&H while still burning the same amount of fuel. Greg and the guys at Billings have been awesome – couldn't ask for any better. They're right there whenever I need them.”
